Important:

Issue Date:

Tamlex cable trunking is designed with strength and durability in mind, trunking must be installed so that the lid does not bear any cable weight. Incorrect installation may affect the integrity of the system and is not recommended., with the main body engineered to support the weight of installed cables. To ensure optimal performance and safety

Supplied With Turnbuckle lid fixings

The approximate weights given are for pre-galvanised finish only, in kilograms (nominal) and subject to material thickness tolerance.
