

Product Code: Product Range: Issue Date:

Medium Duty Accessories, Ladder 27/11/2025 Rack, Medium Duty

Description:

MIR/300/90/300/G

300mm 90 $\mbox{\^{A}}^{\circ}$ Inside Riser R300 For Medium Duty Ladder HDG

Features:

- Manufactured from the same HDG steel as straight lengths for consistent strength and corrosion protection.
- Designed to maintain uniform rung spacing and alignment throughout changes in direction.
- Precision-formed profiles ensure accurate fit with adjacent components.
- All fittings have integral coupling tabs and fishplates.
- Internal and external radius options available to suit different bend requirements.
- Ideal for routing around structural obstacles or changing cable direction cleanly.

Technical:

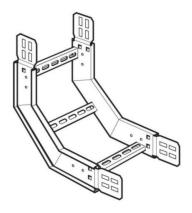

Standards BS EN ISO 1461:2009

Product Type Inside Riser
Width 300mm
Height 100mm
Weight 3.50 Kgs
Angle 90°
Diameter 300mm Radius
Gauge 1.5mm
Material Post Hot-Dipped Galvanised (HDG)
Colour/Finish Self Colour

Important:

HDG ladders are suitable for internal and external use, including light industrial and coastal environments. Ensure cut edges or drilled holes are treated with a suitable zincrich paint or similar to maintain corrosion protection.

The approximate weights given are for pre-galvanised finish only, in kilograms (nominal) and subject to material thickness tolerance.
