

**Product Code:**

MFW/900/300/G

Product Range:

Medium Duty Accessories, Ladder Rack, Medium Duty

Issue Date:

6/4/2026

Description:

900mm 4 Way Crosspiece R300 For Medium Duty Ladder HDG

Features:

- Manufactured from the same HDG steel as straight lengths for consistent strength and corrosion protection.
- Designed to maintain uniform rung spacing and alignment throughout changes in direction.
- Precision-formed profiles ensure accurate fit with adjacent components.
- All fittings have integral coupling tabs and fishplates.
- Internal and external radius options available to suit different bend requirements.
- Ideal for routing around structural obstacles or changing cable direction cleanly.

Technical:

Product Type Fourway

Width 900mm

Height 100mm

Weight 19.00 Kgs

Diameter 300mm Radius

Gauge 1.5mm

Material Post Hot-Dipped Galvanised (HDG)

Colour/Finish Self Colour

Standards BS EN ISO 1461:2009

The approximate weights given are for pre-galvanised finish only, in kilograms (nominal) and subject to material thickness tolerance.

Important:

HDG ladders are suitable for internal and external use, including light industrial and coastal environments. Ensure cut edges or drilled holes are treated with a suitable zinc-rich paint or similar to maintain corrosion protection.
