MFB/900/45/300/G

Medium Duty Accessories, Ladder 6/11/2025 Rack, Medium Duty

# **Description:**

900mm 45Ű Flat Bend R300 For Medium Duty Ladder HDG

### Features:

- Manufactured from the same HDG steel as straight lengths for consistent strength and corrosion protection.
- · Designed to maintain uniform rung spacing and alignment throughout changes in direction.
- Precision-formed profiles ensure accurate fit with adjacent components.
- · All fittings have integral coupling tabs and fishplates.
- · Internal and external radius options available to suit different bend requirements.
- · Ideal for routing around structural obstacles or changing cable direction cleanly.

## Technical:

Standards BS EN ISO 1461:2009

Product Type Flat Bend Width 900mm Height 100mm Weight 6.70 Kgs Angle 45° Diameter 300mm Radius Gauge 1.5mm Material Post Hot-Dipped Galvanised (HDG) Colour/Finish Self Colour

### Important:

HDG ladders are suitable for internal and external use, including light industrial and coastal environments. Ensure cut edges or drilled holes are treated with a suitable zincrich paint or similar to maintain corrosion protection.

The approximate weights given are for pre-galvanised finish only, in kilograms (nominal) and subject to material thickness tolerance.
